

NEUTRAL FLOOR CLEANER

DESCRIPTION: A lemon scented concentrate detergent designed to remove dirt, grime and traffic soil from all floor types. Highly efficient - requiring no rinsing. NFC will not haze, dull, or remove existing finish and helps "pop" back the shine. Also works great as a general purpose cleaner. Contains no ammonia or harsh caustic ingredients.

DIRECTIONS:

Floors-

Daily Cleaning: Dilute NFC 2oz. per gallon of warm water and mop floors to maintain proper shine and durability. For large areas use dual-bucket system or change mop solution often to prevent redeposition of soils.

Interim Maintenance: Dilute NFC 2oz. per gallon of warm water and mop on a liberal amount. Scrub floor manually or with a floor machine. Pick up dirty solution with a wet vac or mop. Do not allow dirty solution to dry. Rinse with clear water and repeat with a new finish as necessary.

General Purpose Cleaning-

Dilute 2oz. per gallon to clean any surface not harmed by water. Use on tables, countertops, woodwork, walls, and refrigerators.
